ISSUER'S ABSOLUTE RESPONSIBILITY

The issuer, having made all reasonable inquiries, accepts responsibility for and confirms that this placement memorandum contains all information with regard to the issuer and the issue which is material in the context of the issue, that the information contained in the placement memorandum is true and correct in all material aspects and is not misleading, that the opinions and intentions expressed herein are honestly stated and that there are no other facts, the omission of which make this document as a whole or any of such information or the expression of any such opinions or intentions misleading.

• **DISCLAIMERS**

General disclaimer

This Placement Memorandum is neither a prospectus nor a statement in lieu of a prospectus and should not be construed to be a prospectus or a statement in lieu of prospectus under the Companies Act, 2013. This placement memorandum is prepared in conformity with the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 ("SEBI NCS REGULATIONS, 2021") as may be amended from time to time and the Basel III Regulations.

The SEBI NCS REGULATIONS were notified pursuant to merger and repeal of the erstwhile Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 ("erstwhile SEBI ILDS REGULATIONS") and erstwhile Securities and Exchange Board of India (Issue and Listing of Non-Convertible Redeemable Preference Shares) Regulations, 2013 ("erstwhile SEBI NCRPS regulations").

It is to be noted that pursuant to the notification of the SEBI NCS REGULATIONS, the SEBI has issued a single operational circular - "Operational Circular For Issue And Listing Of Non-Convertible Securities, Securitised Debt Instruments, Security Receipts, Municipal Debt Securities And Commercial Paper" bearing ref SEBI/HO/DDHS/P/CIR/2021/613 dated August 10, 2021 and updated as on April 13, 2022 ("SEBI NCS OPERATIONAL Circular") and RBI circular DBOD.BP.BC.No. 25 / 08.12.014 /2014-15 dated July 15, 2014, as amended from time to time, which supersedes all circulars issued previously under the erstwhile SEBI ILDS REGULATIONS and erstwhile SEBI NCRPS REGULATIONS.

The issue is being made strictly on a private placement basis. Multiple copies hereof given to the same entity shall be deemed to be given to the same person and shall be treated as such. This placement memorandum does not constitute and shall not be deemed to constitute an offer or an invitation to subscribe to the bonds to the public in general. This placement memorandum is not intended to be circulated to more than 200 (two hundred) investors eligible under the laws of India to invest in these bonds ("**ELIGIBLE INVESTORS**"). It is the responsibility of investors to ensure that they will sell these bonds in strict accordance with this placement memorandum and other applicable laws so that the sale does not constitute an offer to the public. Apart from this placement memorandum no other offer document or prospectus has been prepared in connection with this issue nor is such a prospectus required to be registered under the applicable laws.

Under the applicable provisions of the SEBI NCS REGULATIONS, it is not necessary for a copy of this placement memorandum to be filed or submitted to SEBI for its review and/or approval accordingly, this placement memorandum has neither been delivered for registration nor is it intended to be registered with SEBI.

The bond issue will be under the electronic book mechanism as required in terms of Regulation 12 of the SEBI NCS REGULATIONS and Chapter VI of the SEBI NCS OPERATIONAL circular read with "Operational Guidelines for NSE Electronic Bidding Platform" issued by NSE vide their circular Ref No.08/2022(download ref no. NSE/DS/52373) dated May 23, 2022 ("NSE EBP OPERATING GUIDELINES") and any amendments thereto. (The SEBI NCS OPERATIONAL circular and the NSE EBP operating guidelines shall hereinafter be collectively referred to as the "**Operational Guidelines**").

This placement memorandum and the contents hereof are restricted only for the intended recipient(s) who have been addressed directly and specifically through a communication by the issuer and only such recipients are eligible to apply for the bonds. All investors are required to comply with the relevant regulations / guidelines applicable to them for investing in this issue. The ratings of CARE Ratings do not factor in any rating-related trigger clauses as per the terms of the facilities/instruments, which may involve acceleration of payments in case of rating downgrades. However, if any such clauses are introduced and triggered, the ratings may see volatility and sharp downgrades.

IRRPL

Users of IRRPL ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

B. BRIEF SUMMARY OF THE BUSINESS ACTIVITIES OF THE ISSUER AND ITS LINE OF BUSINESS

i. Overview and History:

Your Bank steps into its 118th fruitful year of service and rich legacy. I extend my gratitude to each one of you for your continued patronage and support. Your valuable partnership has helped this esteemed institution to remain resilient through challenges and achieve remarkable milestones in FY 2022-23 with strengthened core fundamentals. I wish each one of you good health and spirit.

Before discussing on Bank's financial performance, I would like to brief you on the macroeconomic conditions of last financial year. The global macroeconomic conditions remained fragile in FY 2022-23 due to continued geo-political tensions and steep rate hikes by global central banks to control inflation, that led to tightening of monetary conditions as well as slowdown in global growth momentum. Considering the heightened uncertainty in the global macroeconomic conditions, IMF has revised downwards the global growth projection to 2.8% for 2023, down from its January 2023 projection of 2.9% in its latest World Economic Outlook for April 2023.

The global macro-economic scenario had its bearing on the domestic economy as well. As per second advance estimate of national income, India's real GDP growth for FY 2022-23 is estimated at 7.0% as compared to 9.1% in FY 2021-22.

However, India's growth story remains as resilient as ever. The aggregate demand side is supported by investment up-cycle while the consumption demand still holding its momentum. On the sectoral front, agriculture and services activity have shown resilience with manufacturing activity supported by higher capacity utilization amid government policy thrust. Taking into consideration the domestic and global macroeconomic developments, RBI has projected real GDP growth at 6.5% for FY 2023-24.

In this backdrop, turning the possibilities into opportunities during FY 2022-23, your Bank has achieved the key milestone of crossing ₹20.42 lakh crore global business with healthy growth in both deposits and advances. It is a moment of pride that your Bank has achieved the five-digit Net Profit of ₹10,604 crores, for the first time ever, during FY 2022-23 with a y-o-y growth of 86.76%. Further, the Board of Directors of the Bank have recommended a dividend of ₹12/- per equity share (i.e. 120%) of face value of ₹10/- each to the Shareholders for the year 2022-23, subject to the approval of the Shareholders at the AGM. This is as compared to the dividend of ₹6.5/- per equity share distributed for FY 2021-22 and is testimony to our commitment to value creation for our esteemed shareholders.

I am also happy to announce that as per the 11th bipartite settlement, performance linked incentive (PLI) of 15 days' salary has been credited to staff accounts on 8th May 2023 as the Bank has recorded operating profit of 20.04% y-o-y as per the mandatory criteria of above 15% y-o-y with operating profit of ₹27,716 crores for FY 2022- 23, for the third consecutive year.

It gives me immense pleasure to place before you the highlights of your Bank's performance during FY 2022-23, along with the details of the achievements and initiatives taken by your Bank.

KEY PERFORMANCE OF THE BANK

MANAGEMENT DISCUSSION AND ANALYSIS

GLOBAL ECONOMY

The global economy remained volatile in FY 2022-23. The first half of the financial year witnessed multi-decade high level of inflation rates across countries due to supply chain disruptions and elevated energy prices following Russia's invasion of Ukraine. This resulted in aggressive monetary policy tightening by global Central Banks prioritizing price stability over growth. As a spill-over, the emerging market economies were affected by trade downturn, capital outflows, heightened pressures on currency, elevated inflation, steeper rate actions and eventually a growth slowdown. Apart from these, sporadic news of resurgence of Covid-19 variants in different parts of the globe kept the global economy on the edge.

In the second half of FY 2022-23, the global economic outlook turned somewhat positive amid moderation in inflation imprints on normalisation of supply chain mechanism, easing in energy prices and strengthening demand outlook from reopening of Chinese economy. However, continued geo-political tensions, still high inflation levels and concerns over possible global slowdown due to lagged impact of monetary tightening continue to weigh on global growth outlook. Taking into consideration these prevailing global economic conditions, in April 2023, International Monetary Fund (IMF) has revised downwards the global growth projection for 2023 to 2.8% from earlier estimate of 2.9%.

INDIAN ECONOMY

Indian economy remained resilient in FY 2022-23, on the back of robust domestic demand conditions, rebound in contact-intensive services sector, revival of manufacturing and investment activities amid Government focus on capex and a resilient agricultural sector with support from synchronized fiscal & monetary policy measures. However, the slowdown in the global growth momentum had a reflection in domestic economy also and India's real GDP growth for FY 2022-23 is estimated at 7.0% as compared to 9.1% in FY 2021-22, as per second advance estimate of national income.

Sector wise, agricultural sector remained resilient while improvement was observed in manufacturing sector and investment activities. Services sector witnessed a strong rebound in the second half of FY 2022-23 driven by pent-up demand for contact intensive activities such as tourism, retail trade, hotel, entertainment and recreation. However, growth momentum moderated in the external sector due to global headwinds.

The headline inflation eased in the later part of FY 2022-23 to 5.66% y-o-y as on March 2023 from the high of 7.79% in April 2022 on easing in food inflation and moderation in fuel & light inflation. For the year as a whole, headline inflation stood at 6.7% for FY 2022-23 and RBI has projected headline inflation at 5.2% for FY 2023-24, with risks evenly balanced amid expectation of robust Rabi food grains production and easing cost conditions.

Noting resilience of growth momentum of Indian economy along with Govt.'s focus on capex, many multinational organisations have projected Indian economy to be the fastest growing major economy in the global arena and to be a key driver of global growth in FY 2023-24. IMF has noted India to remain a relative "bright spot" in the world economy with a growth rate of 5.9% in FY 2023-24. On the other hand, RBI has projected a growth rate of 6.5% for the domestic economy for FY 2023-24.

OUTLOOK FOR 2023-24

Growth outlook for Indian economy remains positive in FY 2023-24 supported by favourable domestic factors like resilient domestic demand conditions, easing inflationary pressures, revival of investment activities, capex-led growth driven by Production-Linked Incentive schemes and rebound in services sector along with a resilient agricultural sector. Though downside risk remains from weakening external demand, fading of pent up consumer spending and lagged impact of policy rate hikes on aggregate demand. However, the fiscal and monetary policy measures by the Government of India and RBI are expected to remain growth supportive in FY 2023-24.

From credit growth perspective, there is a positive outlook as well, in line with expected resilience of the domestic economy and favourable domestic factors. Credit growth is expected to remain in double digits amid sufficient capital buffers, improving asset quality of Banks and deleveraged corporate balance sheets.

The Bank will continue to focus on achieving greater growth in business along with profitability. On the deposits front, the Bank is giving thrust on shoring up of CASA while consciously reducing the reliance on bulk deposits. On the advances front, Bank focuses on a balanced advances portfolio with proper mix of retail, agriculture, MSME and corporate credit. Need is to focus on best-in-class customer service, be it in retail segment or in Corporate Banking. Strategic focus will also be on strengthening risk management framework with focus on compliance & proper implementation of systems and procedures.

The Bank takes adequate efforts for NPA management with ardent credit monitoring, containing fresh slippages and strengthening recovery efforts. The Bank will continue to strive for process and product improvements in view of changing customers' and industry requirements. In the coming years, Bank envisions to be the "Best Bank to Bank with" in the Banking sector, both in terms of optimum business growth and excellent customer service by leveraging technology and creating value for all stakeholders through inclusive growth.

CANARA BANK IN 2022-23

3	Customer relations and satisfaction	Opportunity risk	The success of any company rests on its ability to satisfy its customers. A good customer experience helps with loyalty, customer retention, and brand advocacy. Millions of client's use the company's financial goods and services; thus any negative customer experience might drive away customers or possibly hurt the company's brand.	The business has various mechanisms in place for the customer's t file complaints. The Bank has appointed a Chief Customer Service Officer (CCSO), who acts as an Internal Ombudsman of the Bank. The Bank maps and tracks the resolution time for complaints, then mentors the frontline workers to deal with client issues. (more initiatives provided in P9-E10)	Good customer service and relations improve the brand image. It can also improve the financial performance of the bank. Loss of reputation can lead to customer attrition which can thereby affect the business.

			With a large population of India comprising of youth and demand for financial products and services being on the rise in urban, rural and semi-urban locations, it is important to ensure good outreach.	to unbanked and rural customers. The products and services and the digital literacy awareness programmes of the Bank is driving and support the agenda of financial inclusion (more details in P4- L3)	serve underprivileged customers and underserved markets and thereby enhance coverage of households and penetration in the country (more details in P9-L1). We have various products and services aligned to the Government schemes to ensure financial inclusion and the positive impact on the society.
5	Carbon emissions & resource efficiency in the Bank's own operations	Risk	Carbon emissions are inevitable. They are generated by the business operations and the entire value chain. The financing provided to the borrowers, particularly through its commercial lending vertical, could be detrimental to the environment, society, and Government. Initiatives and disclosures related to emissions generated are important to monitor.	The bank is taking steps to ensure it starts monitoring the GHG emissions. Once the baseline assessment is complete, the Bank intends to identify initiatives and develop a roadmap to reduce the GHG emissions on a year-on-year basis	Conforming with environment related standards could result in increased expenses/ loss of business.
6	Exposure of the Bank to climate-related risks in its loan portfolio	Risk	Risks associated with climate change are increasingly manifesting in the banking industry as physical risks, transitional risks. If these risks are not properly managed, they could negatively impact the operations and profitability. Extreme weather events brought on by climate change put the company's operations, as well as the security and well-being of its employees, at risk. Additionally, economic disruptions brought on by transition risks may have an effect on the expansion and profitability of the business.	The Bank is planning to increase scrutiny of environmental and social (E&S) risks in the portfolio. The Bank also intends to assess the physical risks due to climate change to develop an action plan for mitigation and/or adaptation.	If the corporation cannot satisfy stakeholder demands for financial disclosures related to climate change, there are reputational risks and rise in operating costs as a result of environmental standards.

R&E	Not applicable	Not applicable	Canara Bank being an environmentally and socially conscious organisation, has taken various initiatives towards installation of rooftop Solar Plants in Bank's own and long leased properties pan-India with the idea to reduce consumption of power generated from fossil fuels. This is an important step taken by the bank as the subsequent reduction of GHG emissions is linked to a healthy environment which is beneficial for the society. For this purpose, the Bank has invested INR 0.85 crores and 11.20 crores in FY 2021-22 and FY2022-23 respectively.
Capex	Not applicable	Not applicable	

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes.

Canara Bank being part of the service industry, consumption of resources is limited. However, the company puts efforts to ensure it purchases sustainable products from local suppliers and at a fair price. Some of the key initiatives the bank has taken in this direction are as follows:

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

• For new construction projects, the bank ensures minimum 3-star rating as per Green Rating for Independent Habitat Assessment (GRIHA) norms.

• The bank considers energy efficiency standards while purchasing equipment. The star rated equipment such as air-conditioners, laptops, computers, lighting devices are considered as part of assessment criteria in all branches and offices by the procurement team.

To locally procure the tangible items, Canara Bank has taken a step towards procurement from MSME and 'Make in India' firms as per guidelines issued by the Government from time to time. Bank is also complying with DFS mandate of procurement through GeM portal for all items available on the portal. The bank is also in the process of obtaining Indian Green Building Council (IGBC) certification of branches. IGBC certified buildings preferably use recycled and reuse materials and avoid the use of virgin materials. Canara Bank is also working towards using only the standard approved materials from the list specified by IGBC which includes wood, eco-certified interior furniture and usage of green consumables (such as recycled paper, minimal plastics etc.).

a. If yes, what percentage of inputs were sourced sustainably?

As covered in the (a) response, the Bank is committed to procure products and services sustainably, but given the nature of our business this aspect is not applicable.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste. Being a part of the service industry, the bank does not generate huge quantities of wastes and therefore, the scope of reusing, recycling and disposing is limited.

• **e-waste:** As part of the ongoing practice, the bank is disposing the e-wastes by issuing limited tender/RFP among empaneled e-waste vendors, who possess valid certificate from Central Pollution Control Board/State Pollution Control Board to collect and dispose the e-waste. The bank has received e-waste recycling certificates from the vendors.

• **Plastic Waste:** Usage of Single Use Plastics (SUP) is discouraged in the branches and offices. Further, the bank uses biodegradable dustbin bags for collecting garbage.

• **Paper waste:** Paper usage has been reduced by use of duplex printer settings and usage of document management system (DMS) and soft copies of documents wherever possible.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No).

Not applicable

If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Principle 4:

Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

A bank operates in an inter-connected world. It is important to identify the stakeholder groups to understand the impact of the activities of the bank on its stakeholders and vice versa. Regular interactions with the stakeholders are very important in the fastchanging world and with evolving expectations. Canara Bank has adopted a transparent procedure to identify the stakeholder groups by considering the impact of the stakeholder groups on the business performance, bank operations and their value addition to the business.

The stakeholder groups comprise of regulatory bodies, employees, customers, suppliers, community groups etc. The Bank's role is to facilitate consultation and engage with the stakeholders in areas relevant to the business functions. The business functions discuss internally and identify stakeholder groups based on the level of influence of stakeholder and interest of bank. For example, employees are an important stakeholder group as they help us to create value for the customers and the company.

In case of communities, the bank conducts need assessment studies for its CSR projects. For a given project and the geography selected, the communities of the vicinity are an important stakeholder group. Their support for conducting a project, identifying the beneficiaries, and creating measurable impact is crucial.

The Bank ensures that it engages with the stakeholder groups on a regular basis to ensure their expectations are evaluated and addressed in a responsible manner.

S.No	Initiative Undertaken	Details of the Initiative (Web link, if any, may be provided along with summary)	Outcome of the Initiative
1	DG sets provided in branches are being replaced by inverters based on power outage in the area	DG sets provided in branches are being replaced by inverters based on power outage in the area.	10KVA DG set consumes 2.5 litres diesel/ hour at 75% load. Per litre diesel- 2.68 kg of CO ₂ is emitted. Assuming 4 hrs run for 300 days = 2.5litres* 4h/d *300 days *2.68kg = 8040kg of CO ₂ emissions p.a. is emitted. For inverters, there is only power consumption and no emission of pollutants. In India, 0.91-0.95kg of CO ₂ is emitted per Kwh of power consumption. Hence, there is a significant reduction in carbon emissions by switching over to inverters.
2	Replacement of CFL lights with LED.	Replacement of CFL lights with LED.	Estimation: For 3600 lumens lighting, in place of a 60W CFL light, a 36W LED Light is provided. This has reduced electricity consumption by 57.6 units / light/ annum. There is reduction in carbon emission of 47kg/light/annum. A typical branch of 2500sft is provided with 25 such LED lights.
3	Providing 5* split AC units in cabins and banking halls in place of 2* AC units	Providing 5* split AC units in cabins and banking halls in place of 2* AC units	This has reduced electricity consumption by 360 units/ TR/ annum. There is reduction in carbon emission of 295 kg per TR per annum.
4	Renewable Energy	Rooftop solar power plants of 262 KWp capacity were functional during the FY 2021-22.	Use of RE to the total energy mix helped in reducing the grid based energy consumption and therefore the Scope 2 emissions.

6. Does the entity have a business continuity and disaster management plan? Give details in 100 words / web link.

3	Display of requisite knowledge and expected level of awareness of the Bank and external environment in meetings and comments
4	Contribution in terms of constructive ideas, guidance and knowledge of better decision making and management of Bank's affairs
5	Timeliness of feedback on decisions being taken by the Bank

Major Function of the Committee:

- Determine the "Fit and Proper" status of the existing elected directors / proposed candidates based on the broad criteria as mentioned hereunder:
 - Educational Qualification
 - Experience and Field of Expertise
 - Track Record and Integrity
 (The above list is only illustrative and not exhaustive)
- The committee should see whether the non-adherence to any of the above criteria would hamper the existing elected director / proposed candidate from discharging the duties as a director on the Board of the Bank.
- Further, the candidate coming to the adverse notice of any authority / regulatory agency or insolvency or default of any loan from any bank or financial institution would make the candidate unfit and improper to be a director on the Board of the Bank.

Other Important Committees / Sub committees:

(a) Management Committee:

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

The Management Committee of the Board is constituted as per the Clause 13 of the Nationalized Banks (Management and Miscellaneous Provisions) Scheme, 1970 (as amended). The Management Committee exercises all the powers vested with the committee in respect of sanctioning of credit proposals, compromise / settlement of loans, writeoff proposals, approval of capital and revenue expenditure, acquisition and hiring of premises, filing of suits / appeals, investment, donations and any other matter referred to or delegated to the committee by the Board.

The composition of members of Management Committee and the details of attendance at the meetings are given in appendix A & B.

(b) Risk Management Committee:

The Bank has evolved suitable risk management policies consistent with the size of the Bank, level of complexity, risk profile and scope of operations of the Bank.

A Board level Risk Management Committee has been formed, with the responsibility of devising policy and strategy for integrated risk management system for the Bank.

As the risk management system is required to be implemented through a committee approach, four high level committees viz. Credit Risk Management Committee, Market Risk Management Committee, Operational Risk Management Committee and Group Risk Management Committee are in place to deal with the issues relating to Risk Management covering all generic risks. The MD&CEO or ED of the Bank is the Chairman for all the four committees, assisted by the Senior Level Executives of the Bank.

The composition of members of Risk Management Committee of the Board and the details of attendance at the meetings are given in appendix A & B.

(c) Asset Liability Management Committee:

Based on RBI directives, the Bank has set up an internal Asset Liability Management Committee (ALCO) headed by MD&CEO or ED of the Bank. The other members of the Committee include the Senior Executives of the Bank.

The scope of ALCO functions is as follows:

- i) Liquidity risk management
- ii) Management of market risk
- iii) Trading risk management
- iv) Funding and capital planning
- v) Profit planning & growth planning

The ALCO deliberates in detail over the liquidity position and the impact of changes in the interest rates of both assets and liabilities on the Net- Interest Income.

(d) Information Technology - Strategy Committee (ITSC) (erstwhile SCIT) :

The Board, vide orders dated 18.09.2017 permitted the formation of Sub-Committee for monitoring the progress of achievement in digital transactions (SC-DT) based on the recommendations of IBA and Ministry of Electronics and Telecommunications (MeitY) to monitor the progress of achievement in digital transactions allotted to the Bank.

Similarly, the Board, vide orders dated 07.06.2003 permitted the formation of sub-committee of the Board for monitoring the progress in implementation of information technology (SCIT) to monitor the progress, provide guidance and suggestions to implement Information Technology in the Bank. As the functions of above committees are similar, the Bank has merged both the sub committees on 25.09.2019.

The functions of the Committee will be of an advisory nature and wherever new policy guidelines or change in systems and procedures are suggested / recommended by the Committee, the same will be placed to the appropriate authority for approval, before implementation.

(d) Sub-Committee of the Board for Capital Planning Process:

Functions of Sub-Committee of the Board for Monetization of Non-core Assets, Sub-Committee of the Board for Rights Issue (SC-RI), Sub-Committee of the Board to decide on Modalities of Qualified Institutional Placement (SC-QIP) and Sub-Committee of the Board for Voting for Shareholder Directors in other Institutions (SC-SH) are

iii. RISK FACTORS

Investors should carefully consider the risks described below, together with the risks described in the other sections of this Placement Memorandum before making any investment decision relating to the Bonds. The occurrence of any of the following events could have a material adverse effect on the Bank's business including the quality of its assets, its liquidity, its financial performance, its ability to implement its strategy and its ability to repay the interest or principal on the Bond in a timely fashion or at all.

Before making an investment decision, prospective investors should carefully consider all of the information contained in this Placement Memorandum, including the financial statements included in this Placement Memorandum.

RISKS RELATING TO THE BANK'S BUSINESS

The Bank's business is particularly vulnerable to interest rate risk, and volatility in interest rates could adversely affect its net interest margin, the value of its fixed income portfolio, its income from treasury operations and its financial performance.

The Bank could be adversely impacted by a rise in generally prevailing interest rates on deposits, especially if the rise were to be sudden or sharp. If such a rise in interest rates were to occur, the Bank's net interest margin could be adversely affected because the interest paid by the Bank on its deposits could increase at a higher rate than the interest received by the Bank on its advances and other investments.

The requirement that the Bank maintain a portion of its assets in fixed income government securities could also have a negative impact on its treasury income because the Bank typically earns interest on this portion of its assets at rates that are generally less favorable than those typically received on its other interest-earning assets. In addition, other members of the Group carrying on banking and / or lending operations are subject to similar risks.

The Bank is also exposed to interest rate risk through its treasury operations, its other Subsidiaries. A rise in interest rates or greater interest rate volatility could adversely affect the Bank's income from treasury operations or the value of its fixed income securities trading portfolio. Sharp and sustained increases in the rates of interest charged on floating rate home loans, which are a material proportion of its loan portfolio, would result in extension of loan maturities and higher monthly instalments due from borrowers, which could result in higher rates of default in this portfolio.

As of March 31, 2022, the policy repo rate was 4.00%. It was increased in stages and the current repo rate is 6.50%. Changes in official interest rates tend to flow through into changes in commercial interest rates, including rates for deposits and lending. However, the rates applying to the Bank's funding (including deposits) and its lending may not move at the same time and the same rate.

In the future, if the yield on the Bank's interest-earning assets does not increase at the same time or to the same extent as its cost of funds, or if its cost of funds does not decline at the same time or to the same extent as the yield on its interest-earning assets, its net interest income and net interest margin would be adversely impacted.

The outbreak, or threatened outbreak, of any severe communicable disease or any geopolitical tensions, could have a material adverse effect on the Bank's business, financial condition and results of operations.

The outbreak, or continued or threatened outbreak, of any other severe communicable disease, such as Severe Acute Respiratory Syndrome (SARS), Middle East Respiratory Syndrome-Corona virus, avian influenza (commonly known as bird flu), H1N1, coronavirus or any another similar disease could materially and adversely affect overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The outbreak or continued outbreak of the novel strain of coronavirus ("COVID-19") first detected in the PRC, which was declared a global pandemic by organizations such as the World Health Organization in the first quarter of 2020, had severely affected the global economy and the Bank's business, financial condition and results of operations.

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

The Government may implement measures to deter the spread of the disease that had and may have an adverse effect on consumer confidence and the general economic conditions the Bank's business is subject to. Further such events has led to significant volatility in the global markets across all asset classes, including stocks, bonds, oil and other commodities and this volatility may persist for some time. Such uncertainties and volatilities may adversely affect the Indian economy and the economy globally, the Bank, its business and financial condition, results of operations, prospects, liquidity and capital position.

If the Bank is not able to control or reduce the level of NPAs, the overall quality of the Bank's loan portfolio may deteriorate, and the Bank's results of operations and/or cash flows may be adversely affected. Moreover, there also can be no assurance that there will be no further deterioration in the Bank's provisioning coverage as a percentage of gross NPAs or otherwise, or that the percentage of NPAs that the Bank will be able to recover will be similar to its past experience of recoveries of NPAs. In the event of any deterioration in the Bank's NPA, there could be an even greater adverse impact on the results of its operations and/or cash flows. Furthermore, other uncertainties in the global economy and the Indian economy may also adversely affect the Bank's business, financial condition and results of operations in many ways, including, among others:

- During a period of economic slowdown, there is a greater likelihood that more of the Bank's customers or counterparties could become delinquent in respect of their loan repayments or other obligations to the Bank, which, in turn, could result in a higher level of NPAs, allowances for impairment losses and write-offs;
- The increased regulation and supervision by the financial services industry in response to the financial crisis in certain jurisdictions where the Bank operates may restrict its business flexibility and increase the compliance costs;
- The value of the Bank's investments in the equity and debt securities issued by overseas governments and financial institutions may significantly decline;
- The Bank's ability to raise additional capital on favourable terms, or at all, could be adversely affected; and trade and capital flows may further contract as a result of protectionist measures being introduced in certain markets, which could cause a further slowdown in economies and adversely affect Bank's business prospects.

Any potential market and economic downturns, economic slowdown or geopolitical uncertainties in India, its neighbouring countries or regions or the rest of the world may exacerbate the risks relating to the capital markets. In addition, global economic uncertainty and the slowdown in India's economic growth have precipitated, and may continue to raise the possibility of, fiscal, monetary, regulatory and other governmental actions. The Bank cannot predict whether or when such actions may occur, nor can the Bank predict what ultimate impact, if any, such actions or any other governmental actions could have on Bank's business, results of operations and financial condition. There can be no assurance that India's economy or the global economy will continue to improve or maintain sustainable growth. Investors must exercise caution before making any investment decisions.

If the Bank fails to maintain desired levels of customer deposits or loans, its business operations may be materially and adversely affected

Customer deposits are the Bank's primary source of funding. However, many factors affect the growth of deposits, some of which are beyond the Bank's control, such as economic and political conditions, availability of investment alternatives and retail customers' changing perceptions toward savings. For example, retail customers may reduce their deposits and increase their investment in securities for a higher return, while SMEs and mid-corporate customers may reduce their deposits in order to fund projects in a favorable economic environment. In the event of a decrease in deposits, the Bank may be required to pay higher interest rates to attract deposits, which could adversely affect the Bank's performance. If the Bank fails to maintain its desired level of deposits, the Bank's liquidity position, financial condition and results of operations may be materially and adversely affected. In such an event, the Bank may need to seek more expensive sources of funding, and it is uncertain whether the Bank will be able to obtain additional funding on commercially reasonable terms as and when required. The Bank's ability to raise additional funds may be impaired by factors over which it has little or no control, such as deteriorating market conditions or severe disruptions in the financial markets.

Conversely, the Bank may not be able to reduce its deposits if it experiences surplus liquidity. The Bank must find ways to lend surplus funds to existing or new borrowers in order to earn interest income and protect its net interest margin. If the Bank cannot secure sufficient loan volumes or earn sufficient interest on its lending,

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

due to economic conditions or other factors, its ability to earn income and maintain and increase its net interest margin may be materially adversely affected.

The Bank has a large portfolio of government securities that may limit its ability to deploy funds in higher yield investments.

As a result of reserve requirements under applicable laws in India, the Bank is more structurally exposed to interest rate risk than banks in many other jurisdictions. Under applicable RBI regulations, the Bank's liabilities are subject to the SLR requirement, which requires that a minimum specified percentage of a bank's net demand and term liabilities be invested in approved securities. The SLR requirements are subject to increase by the RBI in order to curb inflation or absorb excess liquidity. The Bank earns interest on such government securities at rates which are less favorable than those which it typically receives in respect of its retail and corporate loan portfolio, and this adversely impacts the Bank's net interest income and net interest margin. In addition, the market and accounting value of such securities could be adversely affected by overall rising interest rates.

Although many of these government securities are short-term in nature, the market value of the Bank's holdings could decrease if interest rates increase. In such cases, the Bank may have to choose between liquidating its investments and incurring losses, or holding the securities and potentially being required to recognize an accounting loss upon marking to market the value of such investments, and either outcome may adversely impact its financial condition

An increase in the Bank's portfolio of NPAs and provisioning requirements mandated by the RBI may adversely affect its business.

The Bank's NPAs have generally been on the rise historically. The Bank's NPAs may continue to increase in the future and any significant increase in NPAs may have a material adverse effect on the Bank's financial condition and results of operations. The Bank's NPAs can be attributed to several factors, including increased competition, slow industrial and business growth in recent years, high levels of debt involved in financing of projects, and significant borrowings by companies in India at relatively high interest rates.

Although the Bank's loan portfolio includes loans to a wide range of businesses and industries, financial difficulties experienced by the Bank's customers or by particular sectors of the Indian economy, such as the infrastructure sector, the real estate sector and the agriculture sector, to which the Bank has significant exposure, could significantly increase the Bank's level of NPAs and materially and adversely affect its business, future financial performance. Economic downturns experienced in priority sectors would likely have a material and direct adverse effect on the Bank's NPA levels.

There can be no assurance that the percentage of NPAs that the Bank will be able to recover will be similar to the Bank's past experience of recoveries of NPAs. The Bank's retail loan portfolio has grown over the years, but there is limited data on historical loss ratios in retail loans, especially in the event of an economic slowdown. Furthermore, the global economic slowdown, inconsistent industrial growth and the impact of global and Indian economic conditions on equity and debt markets may also lead to an increase in the level of NPAs in the Bank's corporate loan portfolio.

While the Bank has already made provisions for NPAs, there can also be no assurance that the RBI will not further increase provisioning requirements in the future. Any future increases in provisions mandated by the RBI or other regulatory changes could lead to an adverse impact on the Bank's business and future financial performance.

The Bank is required to maintain its capital adequacy ratio at the minimum level required by the RBI for Indian banks. There can be no assurance that the Bank will be able to maintain this ratio in the future

The RBI required Indian banks to maintain a minimum Tier I capital adequacy ratio and a minimum risk weighted total capital adequacy ratio under the Basel III framework. The Bank is also required to maintain an additional buffer in the form of CET 1. The Bank is exposed to the risk of the RBI increasing the applicable risk weight for different asset classes from time to time. There can be no assurance that the Bank will be able to maintain this ratio in the future.

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

In addition, there can be no assurance that the Gol will provide additional capital infusions or that the Bank will be able to raise adequate additional capital from other sources in the future on terms favorable to it or at all. Moreover, if the Basel Committee on Banking Supervision (the “Basel Committee”) releases additional or more stringent guidance on capital adequacy norms which are given the effect of law in India in the future, the Bank may be forced to raise or maintain additional capital in a manner which could materially adversely affect its business, financial condition and results of operations.

The level of restructured loans in the Bank’s portfolio may increase and the failure of its restructured loans to perform as expected could affect the Bank’s business

The Bank’s assets include restructured standard loans. As a result of slowing economic activity and the limited ability of corporations to access capital due to volatility in global markets, there has been an increase in restructured loans in the banking system in the recent past, including within the Bank’s portfolio. The loan portfolio of the Bank’s international branches and Subsidiaries also includes foreign currency loans to Indian companies for their Indian operations as well as for their international *Private &* operations, including cross border acquisitions. This exposes the Bank to specific additional risks including the failure of the acquired entities to perform as expected and the Bank’s inexperience in various aspects of the economic and legal framework in international jurisdictions. Furthermore, the quality of the Bank’s long-term project finance loan portfolio may be adversely impacted by several factors. Economic and project implementation challenges, in India and internationally, could result in additions to restructured loans and the Bank may not be able to control or reduce the level of restructured loans in its project and corporate finance portfolio.

The Bank restructures assets based on a borrower’s potential to restore its financial health. However, certain assets classified as restructured may subsequently be classified as delinquent or non-performing in the event a borrower fails to restore its financial viability and honor its loan servicing commitments to the Bank. There can be no assurance that the debt restructuring criteria approved by the Bank will be adequate or successful and that borrowers will ultimately be able to meet their obligations under restructured loans.

The combination of changes in regulations regarding restructured loans, provisioning, and any substantial increase in the level of restructured assets and the failure of these structured loans to perform as expected could materially adversely affect the Bank’s business and future financial performance.

The Bank is exposed to various industry sectors. Deterioration in the performance of any of these industry sectors where the Bank has significant exposure may adversely impact the Bank’s business

The Bank is exposed to risk of significant deterioration in the performance of a particular sector which may be driven by events not within the Bank’s control. For instance, regulatory action or policy announcements by the Gol or state government authorities, may adversely impact the ability of borrowers in that industry to service their debt obligations to the Bank. While the Bank’s portfolio contains loans to a wide variety of businesses, there can be no assurance that financial difficulties in any of these industrial sectors will not increase the level of NPAs and restructured assets, and will therefore adversely affect the Bank’s business and its future financial performance.

The Bank may experience delays in enforcing its collateral when borrowers default on their obligations to the Bank, which may result in failure to recover the expected value of collateral security, exposing it to a potential loss

A substantial portion of the Bank’s loans to corporate customers are secured by real assets, including property, plant and equipment. The Bank’s loans to corporate customers also include working capital credit facilities that are typically secured by a first charge on inventory, receivables and other current assets. In some cases, the Bank may have taken further security of a first or second charge on fixed assets and a pledge of financial assets including marketable securities, corporate guarantees and personal guarantees. A substantial portion of the Bank’s loans to retail customers is also secured by the financed assets, predominantly property and vehicles. Although the Bank’s loans are typically adequately collateralized, an economic downturn could result in a fall in the values of relevant collateral for the Bank.

In India, foreclosure on immovable property generally requires a written petition to an Indian court or tribunal. An application, when made, may be subject to delays and administrative requirements that may result, or be

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

accompanied by, a decrease in the value of the immovable property. Security created on shares of a borrower can be enforced without court proceedings. However, there can be delays in realization in the event that the borrower challenges the enforcement in an Indian court. The Bank may not be able to realize the full value on its collateral as a result of, among other factors, delays in bankruptcy and foreclosure proceedings, any defects in the registration of collateral and any fraudulent transfers by borrowers. A failure to recover the expected value of collateral security could expose the Bank to a potential loss. Any unexpected losses could adversely affect the Bank's business and its future financial performance.

Significant fraud, system failure or calamities would disrupt the Bank's revenue generating activities in the short-term and could harm its reputation and adversely impact its revenue-generating capabilities.

The Bank's business is highly dependent on its ability to efficiently and reliably process a high volume of transactions across numerous locations and delivery channels. It places heavy reliance on its technology infrastructure for processing this data and therefore ensuring system security and availability is of paramount importance. The Bank's systemic and operational controls may not be adequate to prevent adverse impact from frauds, errors, hacking and system failures. A significant system breakdown or system failure caused due to intentional or unintentional acts would have an adverse impact on the Bank's revenue-generating activities and lead to financial loss.

The Bank's reputation could be adversely affected by fraud committed by employees, customers or outsiders, or by its perceived inability to properly manage fraud-related risks. The Bank's inability or perceived inability to manage these risks could lead to enhanced regulatory oversight and scrutiny.

The Bank has established a geographically remote disaster recovery site to support critical applications, and it believes that it will be able to restore data and resume processing. However, it is possible the disaster recovery site may also fail or it may take considerable time to make the system fully operational and achieve complete business resumption using the alternate site. Therefore, in such a scenario, where the primary site is completely unavailable, there may be significant disruption to the Bank's operations, which could materially adversely affect its reputation and financial condition.

The Bank is subject to credit, market and liquidity risk which may have an adverse effect on its credit ratings and its cost of funds

To the extent any of the instruments and strategies the Bank uses to hedge or otherwise manage its exposure to market or credit risk are not effective, the Bank may not be able to mitigate effectively its risk exposures, in particular to market environments or against particular types of risk. The Bank's balance sheet growth will be dependent upon economic conditions, as well as upon its determination to sell, purchase, securitize or syndicate particular loans or loan portfolios. The Bank's trading revenues and interest rate risk exposure are dependent on its ability to properly identify, and mark to market, changes in the value of financial instruments caused by changes in market prices or rates. The Bank's earnings are dependent upon the effectiveness of its management of migrations in credit quality and risk concentrations, the accuracy of its valuation models and its critical accounting estimates and the adequacy of its allowances for loan losses. To the extent its assessments, assumptions or estimates prove inaccurate or not predictive of actual results, the Bank could suffer higher than anticipated losses. The successful management of credit, market and operational risk is an important consideration in managing its liquidity risk because it affects the evaluation of its credit ratings by rating agencies. Rating agencies may reduce or indicate their intention to reduce the ratings at any time. The rating agencies can also decide to withdraw their ratings altogether, which may have the same effect as a reduction in its ratings. Any reduction in the Bank's ratings (or withdrawal of ratings) may increase its borrowing costs, limit its access to capital markets and adversely affect its ability to sell or market its products, engage in business transactions, particularly longer-term and derivatives transactions, or retain its customers. This, in turn, could reduce its liquidity and negatively impact its operating results and financial condition.

If the Bank is unable to adapt to rapid technological changes, its business could suffer. Implementation of new information technology systems may result in technical difficulties

The Bank's future success will depend in large part on its ability to respond to technological advances and to emerging banking industry standards and practices on a cost-effective and timely basis. The development and implementation of such technology entail significant technical and business risks. There can be no assurance that the Bank will successfully implement new technologies effectively or adapt its transaction processing systems to meet customer requirements or emerging industry standards. Such technology updates may result in

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

significant costs of the Bank. If the Bank is unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, customer requirements or technological changes, its business and the future financial performance of the Bank could be materially affected.

As the Bank implements additional IT platforms which become integral to the Bank's product offering, unforeseen technical difficulties may cause disruption in the Bank's operations. The Bank has significantly upgraded its technology infrastructure in the recent past. The Bank has, in the past, experienced disruptions such as the disruption of uploading of bulk transactions for a day. Such disruptions could significantly affect the Bank's operations and quality of its customer service and could result in business and financial losses. As the Bank's risk management systems evolve and as its operations become more reliant upon technology to manage and monitor its risk, any failure or disruption could materially and adversely affect its operations and financial position.

Any inadequacy in complying with the regulatory requirements and standards specified by regulatory authorities in the various jurisdictions in which the Bank operates may attract penalties or other punitive action against the Bank

The international branches of the Bank are required to ensure compliance with applicable regulatory requirements and standards applicable to such operations in the relevant jurisdiction. These requirements include monitoring systems and controls, risk management infrastructure and processes and other related regulatory requirements. The failure to introduce any such measures, infrastructure or processes in a timely manner may lead to regulatory action including potential penalties and other punitive measures. Any adverse action initiated by such international regulatory authorities may adversely affect the Bank's business, financial performance and reputation.

The Bank is exposed to fluctuations in foreign exchange rates which could adversely affect the Bank's business and future financial performance.

As a financial institution with operations in various countries, the Bank is exposed to significant exchange rate risks. The Bank complies with regulatory limits upon its unhedged foreign currency exposure by making foreign currency loans on terms that are generally similar to its foreign currency borrowings and thereby transferring the foreign exchange risk to the borrower or through active use of cross-currency swaps and forwards to generally match the currencies of its assets and liabilities. However, the Bank is exposed to fluctuations in foreign currency rates for its unhedged exposure. Any adverse movement in foreign currency exchange rates may also impact the Bank's borrowers adversely, which may in turn impact the quality of its exposure to these borrowers. Volatility in foreign exchange rates could adversely affect the Bank's business and future financial performance.

There are operational risks associated with the banking and financial services industry which may have an adverse impact on the Bank's business.

The Bank, like all financial institutions, is exposed to many types of operational risks, including the risk of fraud or other misconduct by employees or outsiders, unauthorized transactions by employees and third parties (including violation of regulations for prevention of corrupt practices, and other regulations governing its business activities), or operational errors, including clerical or record keeping errors or errors resulting from faulty computer or telecommunications systems. The Bank outsources some functions to other agencies, such as certain data entry, ATM management and rural outreach bank correspondent functions. Given its high volume of transactions, certain errors may be repeated or compounded before they are discovered and successfully rectified. In addition, its dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect. The Bank may also be subject to disruptions of its operating systems arising from events that are wholly or partially beyond its control (including, for example, computer viruses or electrical or telecommunication outages, cyber-attacks, and natural calamities), which may give rise to a deterioration in customer service and to loss or liability to the Bank. The Bank is further exposed to the risk that external vendors may be unable to fulfill their contractual obligations to the Bank (or will be subject to the same risk of fraud or operational errors by their respective employees as the Bank is), and to the risk that its (or its vendors') business continuity and data security systems prove not to be sufficiently adequate. The Bank also faces the risk that the design of its controls and procedures may prove inadequate, or are circumvented, thereby causing delays in detection or errors in information. Although the Bank maintains a system of controls designed to keep operational risk at appropriate levels, like all banks, the Bank has suffered losses from operational risk and there can be no assurance that the Bank will not suffer

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

losses from operational risks in the future that may be material in amount, and its reputation could be adversely affected by the occurrence of any such events involving its employees, customers or third parties.

The Bank's hedging strategies and other risk management techniques may not be fully effective in mitigating its risk exposure in all market environments or against all types of risks, including risks that are unidentified or unanticipated. Some methods of managing risk are based upon observed historical market behavior. As a result, these methods may not predict future risk exposures, which could be greater than the historical measures indicated. Other risk management methods depend upon an evaluation of information regarding markets, clients or other matters. This information may not in all cases be accurate, complete, up to date or properly evaluated. Management of operational, legal or regulatory risk requires, among other things, policies and procedures to properly record and verify a large number of transactions and events. Although the Bank has established these policies and procedures, these policies may not be fully effective, which could adversely affect the Bank's business or result in losses.

In addition, although the Bank maintains insurance coverage for certain risks, there can be no assurance that if the Bank suffers material losses, Bank's insurance arrangements will be sufficient to cover those losses. If the Bank's losses are more than the Group's insurance coverage or cannot be recovered through insurance, Bank's business and results of operations could be materially adversely affected.

The Group may not be able to renew or maintain its statutory and regulatory permits and approvals required to operate its business.

The Group is required to obtain various statutory and regulatory permits and approvals to operate its business which requires the Group to comply with certain terms and conditions to continue its banking operations. In the event that it is unable to renew or maintain such statutory permits and approvals or comply with any or all of these terms and conditions, or seek waivers or extensions of time for complying with these terms and conditions, may result in the interruption of all or some of the Group's operations, imposition of penalties and could materially and adversely affect its business, financial results and reputation.

The Bank is involved in various litigation matters. Any final judgment awarding material damages against the Bank could have a material adverse impact on its future financial performance

The Bank is involved in certain litigation matters in the ordinary course of its business. These matters generally arise because the Bank seeks to recover from borrowers or because customers seek counter claims against it. Although it is the Bank's policy to make provisions for probable loss, the Bank does not make provisions or disclosures in its financial statements where its assessment is that the risk is insignificant. The Bank cannot guarantee that the judgments in any of the litigation in which the Bank is involved would be favorable to it and if its assessment of the risk changes, its view on provisions will also change. Increased provisioning for such potential losses could have a material adverse effect on the Bank's results of operations and financial condition. If the Bank's provisioning is inadequate relative to actual losses on final judgment, such additional losses could have an adverse impact on the Bank's business.

RISK RELATED TO UNAUDITED FINANCIAL INFORMATION

This Placement Memorandum includes unaudited financial information, which has been subjected to limited review, in relation to the Bank. Reliance on such information should, accordingly, be limited.

This Placement Memorandum includes the Q1 of FY 2023 Unaudited (Reviewed) Financial Results, for the quarter ended June 30, 2023, in respect of which the Auditors have issued their review report dated July 24, 2023. For further details in relation to Q1 of FY 2023 Unaudited (Reviewed) Financial Results, please refer to page no. 122 of this Placement Memorandum. Any financial results published in the future may not be consistent with past performance. Accordingly, prospective investors should rely on their independent examination of our financial position and results of operations, and should not place undue reliance on, or base their investment decision solely on the financial information included in this Placement Memorandum.

The Bonds may not be a suitable investment for all investors.

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in this Placement Memorandum;

PLACEMENT MEMORANDUM
 (Confidential & for Private Circulation Only)

- have access to, and knowledge of, the appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds;
- understand thoroughly the terms of the Bonds and be familiar with the nature of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Bonds are complex financial instruments and investors may purchase such instruments as a way to manage risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Bonds unless it has the expertise (either alone or with a financial advisor) to evaluate how the Bonds will perform under changing conditions, the resulting effects on the value of the Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

The Bonds are unsecured obligations, the repayment of which may be jeopardized in certain circumstances. Because the Bonds are unsecured obligations, their repayment may be compromised if:

- the Bank enters into bankruptcy, liquidation, reorganization or other winding-up procedures;
- there is a default in payment under the Bank's future secured indebtedness or other unsecured indebtedness; or
- there is an acceleration of any of the Bank's indebtedness.

If any of these events occur, the Bank's assets may not be sufficient to pay amounts due on any of the Bonds.

The Bonds are unsecured obligations of the Bank

The Bonds being issued under this Placement Memorandum are unsecured which means that they are not secured by a charge on any of the Bank's assets. The claims of the investors in the Bonds being issued as Long-Term Bonds shall rank pari-passu along with claims of other uninsured, unsecured creditors of the Bank.

The Bonds are not guaranteed by the Government of India

The Bonds are not the obligations of, or guaranteed by, the Government. Although the Government own majority of the Bank's issued share capital as of the date of this Placement Memorandum, the Government is not providing a guarantee in respect of the Bonds. In addition, the Government is under no obligation to maintain the solvency of the Bank. Therefore, investors should not rely on the Government ensuring that the Bank fulfils its obligations under the Bonds

There may be no active market for the Bonds on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the Bonds may fail to develop and may accordingly be adversely affected.

Any issue of Bonds carried out hereunder will be a new issue of bonds and the Bonds have no established trading market. There is no assurance that a trading market for the Bonds will exist and no assurance as to the liquidity of any trading market. Although an application will be made to list the Bonds on the NSE, there can be no assurance that an active market for the Bonds will develop, and if such a market were to develop, there is no obligation on us to maintain such a market. The liquidity and market prices of the Bonds can be expected to vary with changes in market and economic conditions, Bank's financial condition and prospects and other factors that generally influence market price of such instruments. Such fluctuations may significantly affect the liquidity and market price of the Bonds, which may trade at a discount to the price at which you purchase the Bonds.

The terms of these Bonds contain no limitation on issuing debt or senior or pari passu securities.

There is no restriction on the amount of debt securities that the Bank may issue. The issue of any such debt securities may reduce the amount recoverable by investors in the Bonds upon the Bank's bankruptcy, winding-up or liquidation.

Payments made on the Bonds are subordinated to certain tax and other liabilities preferred by law

The Bonds will be subordinated to certain liabilities preferred by law such as to claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of the Bank's trading or banking transactions. In particular, in the event of bankruptcy, liquidation or winding-up, the Bank's assets will be available to pay obligations on the Bonds only after all of those liabilities that rank senior to such Bonds have

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

been paid. In the event of bankruptcy, liquidation or winding- up, there may not be sufficient assets remaining, after paying amounts relating to these proceedings, to pay amounts due on the Bonds.

Decisions may be made on behalf of all Bondholders that may be adverse to the interests of individual Bondholders

The terms and conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders, including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

There is no assurance that the Bonds to be issued under this Placement Memorandum will not be downgraded

The Rating agencies i.e. Care Ratings Ltd and India Ratings have rated the Bonds to be issued under this Placement Memorandum. In the event of deterioration of the financial health of the Issuer or due to other reasons, the rating of the Bonds to be issued under this Placement Memorandum may be downgraded. In such a scenario, Bond holders may incur losses on their investment.

There is no assurance that the Bonds issued pursuant to this Issue will be listed on Stock Exchanges in a timely manner, or at all.

In accordance with Indian law and practice, permissions for listing and trading of the Bonds issued pursuant to this Issue will not be granted until after the Bonds have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the stock exchanges. There could be a failure or delay in listing the Bonds on the Stock Exchanges for reasons unforeseen.

These Bonds have fixed maturity date and investors have no right to call for redemption of the Bonds.

These Bonds have a fixed maturity date unless the Bank elects to redeem these Bonds to the extent allowed under the applicable RBI Guidelines and in accordance with the Summary Term Sheet of this Placement Memorandum. In addition, holders of these Bonds have no right to call for the redemption of these Bonds.

These Bonds are being issued under various rules, regulations and guidelines issued by the RBI. Further, the Bank may be forced to redeem the Bonds prior to maturity or to take such other action in relation to these Bonds as may be required pursuant to the law and regulations then in force, though there is no call option embedded in the Bond.

There is no assurance that the holders of these Bonds will be able to reinvest the amount received upon redemption at a rate that will provide the same rate of return as their investment in these Bonds. Potential investors should consider re-investment risk in light of other investments available at that time.

Investors will have limited rights under these Bonds

Holders of these Bonds will not be entitled to receive notice of, or attend or vote at, any meeting of shareholders of the Bank or participate in the management of the Bank. In the event of a default in payment on these Bonds, investors will have no right to accelerate payments on the Bonds except as mentioned in the Summary Term Sheet.

We are not required to and will not create or maintain a Debenture Redemption Reserve (DRR) for the Bonds issued under this Placement Memorandum.

As per the Ministry of Companies Affairs GOI Notification dt. 31.03.2014 and Companies (Share Capital and Debentures) Rules 2014, no Debenture Redemption Reserve is required for debentures issued by Banking Companies for both public as well as privately placed debentures.

C. BRIEF HISTORY SINCE INCORPORATION WITH DETAILS OF ACTIVITIES INCLUDING REORGANISATION, RECONSTRUCTION OR AMALGAMATION, CHANGES IN CAPITAL STRUCTURE , (AUTHORIZED, ISSUED AND SUBSCRIBED) AND BORROWINGS ,IF ANY.

History of the Bank

Sri Ammembal Subba Rao Pai founded CANARA BANK (hereinafter referred to as “The Bank”) in 1906 at Mangalore in the name of Canara Permanent Hindu Fund. It became a Public Ltd. Company in 1910 and the name was changed to Canara Bank Ltd.

In July 1969, Canara Bank Ltd, along with 13 other major banks, was nationalized and is now a Public Sector Bank constituted under the Banking Companies (Acquisition & Transfer of Undertakings) Act, 1970. Under the provisions of the Banking Regulations Act, 1949, in addition to the business of banking, the Bank can undertake the business as specified under Section 6 of the above Act.

Changes in the Organizational Setup

The Bank brought out further changes in its organizational/operational set-up to facilitate smooth functioning and effective results. The Organizational design and structure are continuously revisited and studied to make inroads for further functional excellence.

The Bank has completely moved towards a 4 tier structure comprising Head Office, Circle Offices, Regional Offices and Branches. The Organizational Structure has been reworked to enable better execution of strategy and ensure smooth functioning. Our Bank has a network of 24 circle Offices, 176 Regional Offices and more than 9706 branches as at 31.03.2023, spread over all States & 8 Union Territories of the country. Bank has also its presence overseas.

The seller should give delivery instructions containing details of the buyer's DP account to his DP. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/ redemption will be made to the person, whose name appears in the records of the Depository. In such cases, claims, if any, by the transferee(s) would need to be settled with the transferor(s) and not with the Bank.

26. Common Form of Transfer

The Bank undertakes that it shall use a common form/ procedure for transfer of Bonds issued under terms of this Placement Memorandum.

27. Interest on the Bonds

The face value of the Bonds shall carry interest at the coupon rate (subject to deduction of income tax under the provisions of the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof, as applicable) are mentioned in the Summary Term Sheet.

The interest payment shall be made through electronic mode to the Bondholders whose names appear on the list of beneficial owners given by the DP to R&TA as on the Record Date fixed by the Bank in the bank account which is linked to the demat account of the bondholder. However, in absence of complete bank details i.e., correct/updated bank account number, IFSC/RTGS code/NEFT code etc., Issuer shall make payment through cheques / DDs or any other mode of payment as per the discretion of the Issuer on the due date at the sole risk of the bondholders.

Interest or other benefits with respect to the Bonds would be paid to those Bondholders whose names appear on the list of beneficial owners given by the DP to R&TA as on the Record Date. In case the beneficial owner is not identified by the depository on the Record Date due to any reason whatsoever, Bank shall keep in abeyance the payment of interest or other benefits, till such time the beneficial owner is identified by the depository and intimated to the Bank. Bank shall pay the interest or other benefits to the beneficiaries identified, within a period of 15 days from the date of receiving such intimation. Bank will not pay interest or any amount in whatever name for the intervening period from Record Date to the actual date of payment of interest.

28. Interest on Application Money

Interest at the Coupon Rate (subject to deduction of income tax under the provisions of the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof, as applicable) will be paid to the applicants on the application money for the Bonds for the period starting from and including the date of realization of application money in the Issuer's bank account up to one day prior to the Deemed Date of Allotment. The interest on application money shall be payable by the Issuer through electronic mode within 15 days from the Deemed Date of Allotment. In absence of complete bank details i.e., correct/updated bank account number, IFSC/RTGS code/NEFT code etc., the Issuer shall make payment through cheques/ DDs or any other mode of payment as per the discretion of the Issuer. If the Pay-In Date and the Deemed Date of Allotment fall on the same date, interest on application money shall not be applicable. Further, no interest on application money will be payable in case the Issue is withdrawn by the Issuer in accordance with the Operational Guidelines.

The Interest on the application money will be computed as per Actual/Actual day count convention. Income Tax at Source (TDS) will be deducted at the applicable rate on the Interest on application money.

The Bank shall not be liable to pay any interest in case of invalid applications or applications liable to be rejected including applications made by person who is not an eligible investor.

29. Right to further issue under the ISINs

The Issuer reserves right to effect multiple issuances under the same ISIN in accordance with SEBI Operational Circular.

The Issue can be made either by way of creation of a fresh ISIN or by way of issuance under the existing ISIN at premium, par or discount as the case may be in line with the SEBI Operational Circular.

PLACEMENT MEMORANDUM

(Confidential & for Private Circulation Only)

30. Right to Re-purchase, Re-issue or Consolidate the Bonds

The Issuer will have power, exercisable at its sole and absolute discretion from time to time, to re- purchase a part or all of its Bonds from the secondary markets or otherwise, at any time prior to the Redemption Date, subject to applicable law and in accordance with the applicable guidelines or regulations, if any.

In the event of a part or all of the Issuer's Bonds being repurchased as aforesaid or redeemed under any circumstances whatsoever, the Issuer shall have, and shall be deemed always to have had, the power to re-issue the Bonds either by re-issuing the same Bonds or by issuing other debentures in their place. The Issuer shall have right to consolidate the Bonds under present series in accordance with applicable law.

Further the Issuer, in respect of such re-purchased or re-deemed Bonds shall have the power, exercisable either for a part or all of those Bonds, to cancel, keep alive, appoint nominee(s) to hold or re-issue at such price and on such terms and conditions as it may deem fit and as permitted under the ISIN Circulars or by laws or regulations.

31. Deduction of Tax at Source

Tax as applicable under the IT Act or any other statutory modification or re-enactment thereof will be deducted at source out of interest payable on Bonds. Bondholders desirous of claiming exemption from deduction of income tax at source on the interest payable on Bonds should submit tax exemption certificate/ document, under Section 193 of the Income Tax Act, 1961, if any, with the Registrars, or to such other person(s) at such other address (es) as the Issuer may specify from time to time through suitable communication, at least 45 days before the payment becoming due. Regarding deduction of tax at source and the requisite declaration forms to be submitted, applicants are advised to consult their own tax consultant(s).

32. Payment on Redemption:

The Bonds will be redeemed on the Redemption Date specified in the Summary Term Sheet.

The redemption proceeds shall be made through electronic mode to the bondholders whose names appear on the list of beneficial owners given by the DP to R&TA as on the record date fixed by the Bank in the bank account which is linked to the demat account of the bondholder. However, in absence of complete bank details i.e., correct/updated bank account number, IFSC/RTGS code/NEFT code etc., The Issuer shall be required to make payment through cheques / DDs or any other mode of payment as per the discretion of the Issuer on the due date at the sole risk of the bondholders.

The redemption proceeds shall be paid to those Bondholders whose names appear on the list of beneficial owners given by the DP to R&TA as on the record date fixed by the Issuer for the purpose of redemption. In case the beneficial owner is not identified by the depository on the record date due to any reason whatsoever, issuer shall keep in abeyance the payment of redemption proceeds, till such time the beneficial owner is identified by the depository and intimated to R&TA. Issuer shall pay the redemption proceeds to the beneficiaries identified within 15 days of receiving such intimation. Issuer will not be liable to pay any interest, income or compensation of any kind in whatever name for the intervening period from record date to the actual date of payment of redemption proceeds, in such cases where the DP does not identify the beneficial owner on the record date.

33. Effect of Holidays

If any of the Coupon Payment Date(s), other than the ones falling on the redemption date, falls on a day that is not a Working Day, the payment shall be made by the Issuer on the immediately succeeding Working Day, which becomes the coupon payment date for that coupon. However, the future coupon payment date(s) would be as per the schedule originally stipulated at the time of issuing the Bonds. In other words, the subsequent coupon payment date(s) would not be changed merely because the payment date in respect of one particular coupon payment has been postponed earlier because of it having fallen on a non- Working Day.

If the redemption date of the Bonds falls on a day that is not a Working Day, the redemption amount shall be paid by the Issuer on the immediately preceding Working Day which becomes the new redemption date, along

PLACEMENT MEMORANDUM
 (Confidential & for Private Circulation Only)

with interest accrued on the Bonds.

‘Working Day’ shall be a day on which commercial banks are open for business in the city of Mumbai, Maharashtra. If the date of payment of interest/redemption of principal does not fall on a Working Day, the payment of interest/principal shall be made in accordance with as per the SEBI Operational Circular.

34. List of Beneficial Owners

The Bank shall request the Depository to provide a list of Beneficial Owners as at the end of the Record Date. This shall be the list, which shall be considered for payment of interest or repayment of principal amount on due date/ exercising of call option, as the case may be. In case, the beneficial owner is not identified by the Depository on the Record Date due to any reason whatsoever, the Issuer shall keep in abeyance the payment of interest or other benefits, till such time the beneficial owner is identified by the depository and intimated to the Issuer. On receiving such intimation, the Issuer shall pay the interest or other benefits to the beneficiaries identified, within a period of 15 days from the date of receiving such intimation.

35. Succession

In the event of the demise of the sole/first holder of the Bond(s) or the last survivor, in case of joint holders for the time being, the Bank shall recognize the executor or administrator of the deceased Bondholder, or the holder of succession certificate or other legal representative as having title to the Bond(s). The Bank shall not be bound to recognize such executor or administrator, unless such executor or administrator obtains probate, wherever it is necessary, or letter of administration or such holder is the holder of succession certificate or other legal representation, as the case may be, from a Court in India having jurisdiction over the matter. The Bank may, in its absolute discretion, where it thinks fit, dispense with production of probate or letter of administration or succession certificate or other legal representation, in order to recognize such holder as being entitled to the Bond(s) standing in the name of the deceased Bondholder on production of sufficient documentary proof or indemnity.

Where a non-resident Indian becomes entitled to the Bond by way of succession, all such procedures and compliances as may be required under Foreign Exchange Management Act, 1999 as amended from time to time. the following steps have to be complied:

- a. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the Bond was acquired by the NRI as part of the legacy left by the deceased holder.
- b. Proof that the NRI is an Indian National or is of Indian origin. Such holding by the NRI will be on a non-repatriation basis.

Annexure-I
Rating Rationale
Canara Bank

Facilities/Instruments	Amount (₹ crore)	Rating ¹	Rating Action
Infrastructure Bonds (Proposed)	10,000.00	CARE AAA; Stable	Assigned
Tier-II Bonds (Basel-III) – I ²	3,000.00	CARE AAA; Stable	Reaffirmed
Tier-II Bonds (Basel-III) – II ²	2,900.00 ³	CARE AAA; Stable	Reaffirmed
Tier-II Bonds (Basel-III) – III ²	2,500.00	CARE AAA; Stable	Reaffirmed

Details of instruments/facilities in Annexure-1.

¹Transferred from erstwhile Syndicate Bank pursuant to its amalgamation with Canara Bank.

²Tier-II Bonds under Basel-III are characterised by a 'point of non-viability' (PONV) trigger, due to which the investor may suffer loss of principal. The PONV will be determined by the Reserve Bank of India (RBI) and is a point at which the bank may no longer remain a going concern on its own unless appropriate measures are taken to revive its operations, and thus, enable it to continue as a going concern. In addition, the difficulties faced by a bank should be such that these are likely to result in the financial losses and raising Common Equity Tier-I capital of the bank should be considered as the most appropriate way to prevent the bank from turning non-viable. In CARE Ratings Limited's (CARE Ratings) opinion, the parameters considered to assess whether a bank will reach the PONV are similar to the parameters considered to assess the rating of Tier-II instruments even under Basel-II. CARE Ratings has rated the Tier-II Bonds under Basel-III after factoring in the additional feature of the PONV.

Rationale and key rating drivers

The ratings assigned to the debt instruments of Canara Bank continue to derive strength from the majority ownership by Government of India (GoI) and its demonstrated track record for capital support. Canara Bank merged with Syndicate Bank in April 2020, thus improving the market position and the strategic importance of Canara Bank as the fourth-largest public sector bank (PSB) as on March 31, 2023. The ratings also derive strength from the established retail franchise of the bank with a strong network in the Southern states of India, its experienced management, the improvement in its profitability indicators along with comfortable capital adequacy levels, and the strong liquidity position.

That said, the rating strengths are partially offset by the relatively low current account and savings accounts (CASA). The ratings also take note of the improved albeit moderate asset quality levels during FY23 (FY refers to the period from April 1 to March 31) and Q1FY24, as reflected in the improved gross non-performing assets (GNPA) and gross stressed assets.

Rating sensitivities

Positive factors – Factors that could individually or collectively, lead to positive rating action/upgrade:

Not applicable

Negative factors – Factors that could individually or collectively, lead to negative rating action/downgrade:

- Significant slippages resulting in a deterioration of the net non-performing asset (NNPA) ratio above 3.5%, thereby impacting the earnings profile.
- Deterioration in the capitalisation levels on a sustained basis and inability to maintain sufficient cushion of 1% over the regulatory capital.
- Reduction in government support and the GoI's stake in the bank falling below 51%.

Analytical approach: Standalone, along with expected support from the GoI.

PLACEMENT MEMORANDUM
 (Confidential & for Private Circulation Only)

Outlook: Stable

The stable outlook factors in the majority government shareholding in the bank, its strong market position, healthy capitalisation, and healthy profitability.

Detailed description of the key rating drivers

Majority ownership by the GOI and demonstrated support

The GoI continues to have majority stake in Canara Bank and it has received periodical capital infusion from the GoI, which is expected to continue. Syndicate Bank had merged with Canara Bank with effect from April 01, 2020. Currently, Canara Bank is the fourth-largest PSB as on March 31, 2023, increasing the strategic importance of the bank. During the period FY16-FY20, the GoI infused ₹21,449 crore on a combined basis in Canara Bank and Syndicate Bank. The GoI is the majority shareholder holding 62.93% stake as on June 30, 2023 (62.93% as on March 31, 2023). During FY21 and FY22, the bank has raised ₹4,500 crore equity via qualified institutional placement (QIP) issue.

Established franchise and deposit base with a strong presence in the Southern states

The total business of Canara Bank stood at ₹20.42 lakh crore as on March 31, 2023, with deposits of ₹11.79 lakh crore and advances of ₹8.63 lakh crore. The bank has an established presence with a network of 9,709 branches and 10,726 ATMs as on March 31, 2023. It also has three international branches in New York, London, and Dubai.

Improvement in profitability during FY23

During FY23, Canara Bank reported an improvement in profitability with a profit-after-tax (PAT) of ₹10,604 crore in FY23 as against a PAT of ₹5,678 in FY22. The improvement in PAT is supported by the increase in both, net interest income (NII) and reduction in the credit cost. During FY23, the bank's yield witnessed improvement, resulting in an improvement in the net interest margin (NIM) to 2.47% in FY23 from 2.25% in FY22. The cost to income stood at 44.79% in FY23 as against 46.16% in FY22. Canara Bank reported a pre-provisioning operating profit (PPOP) of ₹27,716 crore in FY23 as against ₹23,089 crore in FY22. During FY23, the credit cost improved to 1.07% from 1.21% in FY22. Thus, with a reduction in the credit cost and stable operating expenses, the bank reported a return on total assets (ROTA) of 0.83% in FY23 as against 0.48% in FY22.

During Q1FY24, the bank reported a PAT of ₹3,535 crore as against a PAT of ₹2,022 crore in Q1FY23. Improved capitalisation levels in FY23, supported by good internal accruals

Canara Bank's CET-I, Tier-I, and total capital adequacy ratio (CAR) improved and stood comfortable at 11.59%, 13.78%, and 16.68%, respectively, as on March 31, 2023, as against 10.26%, 11.91%, and 14.90%, respectively, as on March 31, 2022 (11.50%, 13.58%, and 16.24%, respectively, as on June 30, 2023). The improvement in capital adequacy is supported by internal accruals. The bank also raised ₹4,000 crore of AT1 bonds and ₹2,000 crore of Tier II bonds during FY23, which improved the overall CAR. CARE Ratings expects the capital adequacy to remain comfortable in the medium term.

Canara Bank Group CET-I, Tier-I, and total capital adequacy ratio (CAR) stood at 11.50%, 13.58%, and 16.24%, respectively, as on June 30, 2023. CARE Ratings expects Canara Bank to provide need based support to subsidiaries and associates.

Improvement in asset quality with relatively more recoveries and reduced slippages in FY23, however, remained moderate

Aided by lower net slippages and a higher amount of recoveries and write-offs, the bank's asset quality witnessed improvement in FY23. The slippage ratio stood at 1.75% in FY23 as against 2.26% in FY22. The GNPA and NNPA improved to 5.35% and 1.73% as on March 31, 2023, as against 7.51% and 2.65% as on March 31, 2022. The asset quality further improved with GNPA and NNPA of 5.15% and 1.57% as on June 30, 2023. The bank has a standard restructured portfolio under the COVID-19 Resolution Framework 1.0 and 2.0, aggregating to ₹17,989 crore as on March 31, 2023 (2.08% of the gross advances). The gross stressed assets (GNPA + COVID-19 restructured assets + security receipts) improved and stood at 7.51% as on March 31, 2023, as against 10.35% as on March 31, 2022.

Going forward, the ability of the bank to limit incremental slippages or restructuring and maintain asset quality will be critical to the earnings profile of the bank and the same will be a key rating sensitivity.

investment of ₹56,544 crore as on June 30, 2023. Canara Bank's liquidity coverage ratio remained adequate at 129.47% for the quarter ended June 30, 2023, against the minimum regulatory requirement of 100%. Furthermore, the bank has access to market liquidity support like liquidity adjustment facility (LAF) and marginal standing facility (MSF) from the Reserve Bank of India (RBI).

Environment, social, and governance (ESG) risks

Given that Canara Bank is engaged in the lending business, it may be exposed to environmental risks indirectly through its portfolio of assets. The banking sector, with financial inclusion being the prime agenda, has a social impact on the economy. Within communities, the bank engages in helping and uplifting the underserved communities through its non-profit organisations, which have impacted the people and the society at large.

As part of green initiatives, the bank proposes to increase the usage of energy-efficient forms of electricity, with green energy and solar power. Furthermore, the bank has become a founding member of the Indian Green Building Council (IGBC).

The bank has incorporated Climate ESG Risk in the rating model as a pre-sanction and enhancement exercise for corporate borrowers beyond a certain threshold. The bank is a member of the Indian Banks' Association's (IBA's) Standing Committee on ESG, which is overseeing the implementation of ESG in the banking industry.

India Ratings Assigns Canara Bank's Infrastructure Bonds 'IND AAA'/Stable; Affirms Others

Sep 20, 2023 | Public Sector Bank

India Ratings and Research (Ind-Ra) has affirmed Canara Bank's (Canara) Long-Term Issuer Rating at 'IND AAA'. The Outlook is Stable. The instrument-wise rating actions are as follows:

Instrument Type	Date of Issuance	Coupon Rate (%)	Maturity Date	Size of Issue (billion)	Rating/Outlook	Rating Action
Infrastructure Bonds [^]	-	-	-	INR100	IND AAA/Stable	Assigned
Basel III Tier 2 Instruments*	-	-	-	INR144	IND AAA/Stable	Affirmed
Basel III AT1 bonds*	-	-	-	INR139.5	IND AA+/Stable	Affirmed

*Details in annexure

[^]Yet to be issued

Analytical Approach: Ind-Ra continues to take a consolidated view of Canara and its subsidiaries while arriving at the ratings.

The affirmation of the Long-Term Issuer Rating factors in Canara's systemically important position and the likelihood of the bank continuing to receive support from the government of India (GoI). The rating also considers Canara's demonstrated moderate equity raising ability and the likelihood of continued and improved profitability over FY23-FY24, which could help the bank maintain and possibly grow its market share in advances and deposits.

For AT1 instruments, the agency considers the discretionary component, coupon omission risk and the write-down/conversion risk as key parameters to arrive at the rating. The agency recognises the unique going-concern loss absorption features that these bonds carry and differentiates them from the bank's senior debt, factoring in a higher probability of an ultimate loss for investors in these bonds.

Key Rating Drivers

Systemic Importance: Canara is the fourth-largest public sector bank (PSB) and the seventh-largest bank on an overall basis in the country in terms of its assets. Its share in net advances remained stable at 6.1% at FYE23 (FYE22: 6.1%) and that in deposits declined slightly to 6.6% (6.7%). At FYE23, the bank was the fourth-largest in terms of the number of states, union territories and districts where it was a lead bank; this, in the agency's view, is an indicator of its role in

financial inclusion in the country. At 1QFY24, the bank had 9,653 branches, three international branches, and 10,683 automated teller machines. While the bank's common equity tier 1 (CET1) improved to 11.6% in FY23 (FY22: 10.3%; FY21: 8.6%), it remained lower than that of most PSBs while having comparable net non-performing assets (NPAs). Although the bank did not raise equity capital in FY23, it continued to raise AT1 and tier 2 bonds.

Capital Plans – Accruals and Sub-debt: Canara's CET1 increased to 11.6% at FYE23 (FYE22: 10.26%) on the back of return on assets of 0.8% (1QFY24: 1%; FY22: 0.5%), the decline in the risk weighted assets to advances, with about 18% growth in net advances, and the utilisation of deferred tax assets. Its tier 1 increased to 13.78% in FY23 (FY22: 11.91%). The risk weighted assets to net advances decreased to about 68.3% in FY23 (FY22: 72.6%; FY21: 78.5%) contributing to its capital efficiency. Its capital levels are comparable to peers and even larger PSBs. Canara's provision cover (excluding technical write-offs) stood at 68.9% in FY23 (FY22: 66.5%). Ind-Ra believes the manageable asset quality would enable the bank to maintain its return on assets of 0.8-1% in the medium term. This combined with further utilisation of deferred tax assets would help Canara at least maintain its capital levels. Ind-Ra believes the existing capital buffers are adequately placed to also absorb asset quality shocks. The agency also believes that the bank's capital buffers would be materially higher than the regulatory requirements. Canara does not have any plans to raise additional equity capital but it would continue to raise sub-debt over the medium term.

Liquidity Indicator – Adequate: The bank's asset-liability management for May 2023 demonstrated a manageable asset liability funding gap; the excess of short-term assets over short-term liabilities was about 8%, indicating a modest deterioration compared to that in May 2022, when this gap had been nearly nil. Canara's excess statutory liquidity qualifying securities of more than INR400 billion also provide substantial liquidity comfort in addition to the mandatory cash reserve and statutory liquidity ratio requirements. Canara's average liquidity coverage stood at 129% at end-June 2023, higher than the minimum regulatory requirement. Canara's bulk deposits (including certificate of deposits) accounted for about 22% of the total deposits at 1QFY24, and the bank believes this shall not change significantly. In Ind-Ra's opinion, a material increase in the bulk deposits would contribute to additional weakening of the liquidity and liability profiles, causing the bank to experience higher refinance pressure, as it had witnessed during FY18-FY19.

Improved Profitability: Despite lacklustre treasury performance due to rising market interest rates, Canara's profit improved to INR106.04 billion in FY23 (FY22: INR56.8 billion), and it reported a profit of about INR35 billion in 1QFY24, mainly backed by the decline in credit costs, growth in advances and improved net interest margins (faster repricing in advances than in deposits played a role). Over the medium term, most segments would follow the slippage trend; in FY23, the bank saw nearly 2% gross slippage but negligible net slippage (gross slippage less upgrades and recoveries). The agency understands that the bank has witnessed normalisation of performance of residual restructured loan accounts and those that benefited from Emergency Credit Line Guarantee Scheme. Ind-Ra considers the levels of stressed corporate assets and special mention accounts to be modest, and hence, incremental slippages from these could be lower than trend levels, leading to lower levels of credit costs. The provisions have also continued to improve, rising to nearly 70% in FY23 (FY22: 66%; excluding technical write-offs; it has been higher for peer banks). Ind-Ra expects the bank to continue to face credit costs of 1%-1.5% at least per year in FY24 and FY25. Canara might be able to maintain its profitability in the short term, as the net interest margins could expand as the rise in deposit rate could drag the increase in the loan yields.

Prospective Asset Quality Metrics Likely to be Benign: The gross NPAs of the bank declined to 5.15% at 1QFY24 (FYE23: 5.4%; FYE22: 7.5%), while net NPAs declined to 1.57% (1.67%; 2.67%). The bank's gross slippage in FY23 was about 2% and the net slippage (slippage net of recoveries and upgrades) was negligible. Ind-Ra does not expect the gross slippages trend to witness any significant deviation from FY23 levels in the near- to medium term. The bank's special mention account assets of over INR50 million accounted for 1.11% of the gross advances; its restructured assets now constitute about 2% of the gross advances, and the agency expects limited slippages from these pools. The bank has guided for gross NPAs of 4.5% and net NPA of 1.2% by FYE24.

Deposit Profile Could Come under Pressure: Canara's low-cost current account and savings account (CASA) deposits declined to 30.6% at 1QFY24 (FYE23: 31.1%; FY21: 34.4%) this is lower than those of most PSBs. Ind-Ra expects the bank's CASA to decline further over the near to medium term. The CASA actually declined by about 0.6% yoy in FY23, while the bank saw total deposit growth of 8.5%. With deposit repricing continuing this year and remaining sticky on account of

competition for the same, Ind-Ra expects the bank to face greater challenges on deposit mobilisation and deposit costs than its peers. The bank's share in CASA of the banking system declined to 5.1% in FY23 (FY22: 5.3%;5.5%). The bank's cost of domestic deposits increased to 4.3% in FY23 (FY22: 3.8%) and might increase further. Ind-Ra believes the bank would need to at least maintain its deposit profile to achieve mid-term growth expectations and it might need to keep deposit rates elevated (even possibly compared to current rates) more than other banks for the same.

Rating Sensitivities

Negative: Canara's Basel III Tier 2 bond ratings have been equated to its Long-Term Issuer Rating, which could change if, in Ind-Ra's opinion, there is a change in the Govt's support stance for PSBs or there is material drop in the banks' systemic importance, which could, among other things, reflect in a material decline in Canara's market share or loss of deposit franchise.

The notching of the AT1 bonds could be widened from its anchor ratings if Ind-Ra believes that there is a dilution in the government's support stance towards hybrid instruments of PSBs or any delay in the timeliness of extending this support. This could reflect among other things in capital buffers continuing to be close to the regulatory levels. Ind-Ra also expects that for banks with weaker unsupported profiles, the capital buffers would be higher; if not, it could reflect in wider notching from the Long-Term Issuer Rating. These capital buffers could be important as the banks' ability to service the instrument could be impaired in the event of the bank making losses and/or if the capital levels are lower than the regulatory minimum levels.

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on Canara, due to either their nature or the way in which they are being managed by the entity. Company Profile

Canara has a pan-India presence, with the third-largest network of more than 8,865 domestic branches at end-1QFY24. Of its branches, about 60% are based in rural and semi-urban areas, supporting the Govt's initiative of banking for all.
