

GAMING APP SCAMS

FUN TODAY, FRAUD TOMORROW!

Gaming apps can be more than entertainment—they can become traps for stealing money, personal information, or account credentials.

Fraudsters lure online gaming users with fake apps, attractive rewards, free coins, discounted skins, malicious APKs, fake tournaments, and phishing links.

RED FLAGS TO WATCH FOR

FREE REWARDS

"Get unlimited coins or diamonds for free! Too good to be true!"

FAKE APPS

Fake apps can steal your data or install malware.

CHEAP SKINS / THEMES

Rare skins/themes at unbelievable prices are often scams.

FAKE TOURNAMENTS

Pay entry fees with a promise of guaranteed cash prizes.

URGENT PAYMENTS

"Pay now to unlock your winnings!" Don't fall for pressure.

PHISHING LINKS

Fake login pages steal your gaming credentials.

EXCLUSIVE PERMISSIONS

Games asking for SMS, contacts, files or camera access?

01 DOWNLOAD SAFELY

Install games only from official app stores like Play Store or App Store.

02 VERIFY OFFERS

Don't fall for "free gems unlimited rewards", or coins".

03 AVOID APKs

Never install modified or unofficial APKs. They can steal your data.

04 PROTECT CREDENTIALS

Never share your passwords, OTP, PINs or recovery codes with anyone.

GAME SMART, PLAY SAFE!
