

Beware of KYC Scams!

Unknown Link = Unknown Risk

KYC fraud often exploits urgency and fear. Victims may receive calls, SMS, emails, or WhatsApp messages claiming that their bank account, SIM card, wallet, or financial service will be blocked or suspended if KYC is not updated immediately.

KYC Fraud Safety Tips

Beaware of fake links,
Update KYC only through
official chanel 

Never share OTP, PIN,
passwords, or card details
with anyone 

 Enable transaction alerts
to detect suspicious
activity quickly

 Ignore messages that
create false urgency
